

Matthew Harris

Computer Scientist / Mathematical Programmer

Matthew Harris

.....

Education:

B.S. Computer Science

California State University Chico

A.S. Mathematics

Mendocino Community College

Current assignment:

I am the all-things-web dude for AIMS in Climate. I am the Lead for the Earth System Grid Federation Support Working Team, Accelerated Climate Modeling for Energy Dashboard, and Ultrascale Visualization Climate Data Analysis Tools client server project.

Career path:

I started as a co-op in the EAS division of ICS in January 2011 and continued there until my graduation in May 2012. I was hired by COMP and have worked in GS-CAD ever since.

Outside interests:

I am the Chief Umpire for the Weston Ranch Little League. I have been playing percussion for over 15 years. With any other free time I enjoy playing video games.
